

FIBA 3x3 Rankings Quick Guide

Edition 2022

I. CONVENTIONS

There are three official FIBA 3x3 rankings: 1. Individual Ranking, 2. Team Ranking and 3. Federation Ranking. The team and federation ranking are based on the individual ranking.

II. INDIVIDUAL RANKING

1. Overview

The FIBA 3x3 Individual World Ranking of each player is calculated based on points collected considering only the results of the best 9 FIBA3x3-endorsed events played over the last 12 months. The number of points earned at a competition will depend on its level and players' performance :

- a. Final Standings;
- b. Win Before Limit;
- c. Individual Performance: each players' scoring and key individual stats.

2. Calculation:

Rankings will be calculated **daily at 1200 hours UTC**, except during a New Year break.

3. Event level (Definition of each event can be found in Glossary on fiba3x3.com)

<i>Event Level</i>	<i>Endorsed*</i>	<i>Pro Events</i>	<i>National-team**</i>

Considerations to Event Level:

- Events classifying to a Quest stop are Endorsed and considered Olive;
- Events classifying to a Women's Series Stop are Endorsed and considered Purple;
- Women in Endorsed are applied color level ignoring Pro Qualifier status, if any;
- 3x3 events in multi-sport games are treated like Endorsed events; OG (and YOG) is considered as if World Cup (U18);
- Events with less than 4 teams will not be considered an event for eligibility purposes, albeit be ranked as a white event;
- If a player participates in more than 3 events within a month, then only the 3 events with the best results are considered for ranking purposes, without considering FIBA 3x3 Official Competitions and Pro Event's qualifiers thereto;
- Endorsed lasting over 7 days and wheelchair will be considered White.

7. Sanctions

Sanctions to players by FIBA can include the partial or complete loss of ranking points.

III. Team Ranking

The **FIBA 3x3 Team Ranking** is sum of the ranking points of the three highest ranked players in the Extended Roster of each team.

8. Men's team ranking

Teams (men) are identified based on **Validated Team concept** of pre-registration to Pro Events.

A team is comprised by minimum 3 players and maximum of 6 for the entire season; a player can only be confirmed into the roster of one single Validated Team in a season, albeit national team and Endorsed competitions are ignored for this restriction.

Team rankings (in men) are used at the season's end to directly qualify a given number of top teams to a certain number of World Tour events, and team rankings are used during the season for preferential allocation to Challengers.

For the purpose of this clause, a season is assumed to end on 1 November (or day after the World Tour Final in case such date is later).

9. Women's team ranking

Teams (women) are identified based on those registered to the current WS season.

IV. Federation Ranking

10. Overview of Federation Ranking

The **FIBA 3x3 Federation Ranking** is calculated based on ranking points of each national federation. Federation ranking points are the sum of the ranking points of their top **25 nationals** with a confirmed play.fiba3x3.com account (also known as FIBA 3x3 profile) in the respective category; U13 players are excluded from the calculation. In case of tie in federation ranking points, the tied federations will be forced ranked based on each federation's highest ranked player in the corresponding category. Reminder: players tied in points are force ranked using the randomly assigned FIBA 3x3 profile ID.

Respective categories are men, women as well as in respective age categories.

The combined federation ranking is the geometric mean of the ranking points of men and women; applied also in the respective age categories.

For a complete overview of the FIBA 3x3 Rankings, please refer to the Rankings Full Guide, available on www.fiba3x3.com. In case of any discrepancy between this Quick Guide and the Full Guide, latter prevails.
